

Multimedia Presentation of Submarines During the Cold War

Directions: Each student will be assigned a submarine of the Cold War and prepare a slide about the submarine. You will use the handout “Types of Submarines Chart” and the internet as your resources. The teacher will assign you a submarine. Include the following information on your slide.

1. The title will be the name of the submarine. (Center at the top of the page.)
2. Include a picture of the submarine on the right side of the slide.
Include the following information in this format on the left side (Copy and paste these on the left side of the slide, then research the answers to complete):
3. Class of submarine:
4. Year first commissioned:
5. Crew size:
6. Weapons carried:
7. Maximum depth:

Using Google Docs to Collaborate on a Presentation

1. If you do not have a Google account, go to www.google.com and follow these steps:
 - Click on “Sign In”.
 - On the bottom right, choose “Create an account now”. (You can use any valid e-mail account...it doesn’t have to be a g-mail account.)
2. If you have a Google account, log on by choosing “Sign In” from the top right of www.google.com .
3. **THIS STEP SHOULD BE DONE BY THE TEACHER OR A DESIGNATED STUDENT IN THE CLASS BEFORE THE OTHERS CONTINUE ANY FURTHER. (I RECOMMEND THE TEACHER GET ALL OF THE E-MAIL ADDRESSES FROM THE STUDENTS AND DO THIS BEFORE CLASS.)**
One person in the group needs to be the leader and follow these instructions:
 - Choose “Create New”, then “Presentation”.
 - Choose “Share”, then “Sharing settings”.Let each person type in their e-mail address OR let one person type them in the box at the bottom “Add people”. Make sure the drop-down menu next to it says

“Can edit”. The addresses should be separated with a comma. Also, make sure the instructor is included in this list of e-mail addresses.

- Make sure the box is checked by “Send e-mail notifications (recommended)”.
 - Click on “Share”.
4. Go to “more” on the black tab. Choose “Documents”, then click on “continue” the first time you access this.
 5. Now each person, except the leader, needs to choose “Documents”.
 6. Each person can begin working on the slide for their part of the presentation. You will see each person’s slide on the left side of the screen. To do so, go to “Slide”, “New slide”. Choose the “Two Column” slide. (Put the information on the left and the picture on the right.)
 7. Each person can choose their own background for their slide. To do so, go to “Format”, “Presentation Settings”, “Change Background”. You can choose a solid color by clicking on the paint bucket and selecting a color OR you can import an image that you have saved for your background. Do NOT check the box “Apply background to all slides”.
 8. After everyone has finished, the LEADER (a student or the teacher) will rearrange the slides in the correct order.
 9. The slides will save automatically and when you log back on, your presentation will be there.

GROUP LEADER OR TEACHER: Make a slide with the title “Submarines During the Cold War”, a title slide for “SS Submarines”, a title slide for “SSN Submarines” and a title slide for “SSBN Submarines”. After all students have completed the slides, put the slides in order of dates first commissioned. “Go to “File” and choose “Save”. (The presentation automatically saves in each person’s account.) Then to save it to a computer or jump drive, go to “File”, “Download As”, “Powerpoint”. Then choose the location where you want to save the file.
